

# Normanton Christian Centre

When Lyle and I (Hazel Morris) were able to do the quick Northern trip March/April 2014.

It was great to visit Mt Isa, Normanton, Mareeba, Townsville and Eidsvoll again!

We happily spent a busy week in Normanton. We had forgotten what HOT was! Although so late in the season we had temps between 36-39 degrees for the week AND with it being the 'supposed' wet season we had high humidity as several cyclones did their coastal pranks with little relief except heavy rain in coastal areas. Off the coast regions did not get feed relief and water supplies for the dry season ahead. How our hearts ached for the inland people still gripped by drought. Normanton looked good and the Christian Centre was so clean and green.

But a greater joy was the positive, healthy Church and its faithful people!

**PRAY FOR THESE CHRISTIANS WHO AS THE FAMILY OF GOD HONOUR HIM IN THEIR COMMUNITY.** Pray for their growth in faith, knowledge love and service.

Pray for Wendy & Jamie as they lead Sunday School.

Brad, Effie (85 yrs) & Noreen were baptized by Lyle & Kyle at Mareeba NACC Convention, Oct. 2013

Women singing at Morning Worship

We are praising God that five of the Normanton Christians who are actively involved in the Church programme are enrolled in the Wontulp-Bi-Buya Christian Leadership and Theology Training College in Cairns. PRAY FOR THEM. We are so happy and proud that they have taken up this challenge to study and train.

Bradley Gilbo

Cedric Burns

Audrey Callope

Tom Burns & Herbie Harold

There was something for everyone! (except curtains! - Everyone's request !)

Sorry! Its there somewhere! 50 + people have been here before you this morning!!

We were able to help with a **Used Clothing Sale.** What beautiful clothing, linen and household supplies.

Thank you to all who supply and pack this 'treasure' that helps the families and the Christian Centre Programme.

### **Medical Wonders that Change Lives!**

We enjoyed having 20 yr. old **Miranda** and her mum Angela (who, 25 yrs ago our little Sunday School girl!!) stay with us while Miranda waited for open heart surgery. Only weeks later what a different healthy young woman walked to see us when we visited Normanton!

**Noreen Edwards** has had several visits to assess the possibility of a cochlear implant for her hearing. She is now waiting for her call for surgery. Noreen's partner and escort had never been to the scary city before! Yes! They were very pleased we met them to support them through this difficult time!

Two babies have come to Mater Hospital this year for major medical issues. One-mother was brought down from Kowanyama for the birth of her baby & life saving surgery. They now have a 4 month stay before further surgery. We are glad we are here and close to support these families. How they enjoy going to Church at Logan.
